Hi Rob,

It was suggested to me that an even better example of an aquifer exemption request submitted to Region 8 is available through the link below. In any event, I think both examples help to show that a more narrowly focused application/request is the goal. If you are around next week, let's plan to have a brief conversation to follow up on our meeting and the two examples we sent in case any additional questions arise.

Have a good weekend.

David
